Long Time Gone

returned to Germany to run our business, but will return in the fall for good. Separation is to hard. I've still been promoting the same business, mostly on autopilot. Here is something you must have though if you are serious about internet marketing.

Here's what kept me busy. My wife was here from Germany and we spent a lot of time traveling, and exploring in the desert. Of course we had our monster watch dog with us. It was a great visit with my wife. She

We have almost forgotten how strange a thing it is that so huge and powerful and intelligent an animal as a horse should allow another, and far more feeble animal, to ride upon its back.- Peter Gray

Never Ending Snow

Who else is tired of this. It's really pretty, but not fun when you have to go out in it. I've enjoyed the winter even though it was bitter cold and lots of snow, but enough already. We're supposed to get more today.

After I feed my critters I have some time to spend playing. A little anyway, but there's always something that needs attention when it is so cold. Frozen water, snow to plow, hay to haul, fences to mend from the nightly visit from elk and deer. I'm glad I have a very small farm or there would be no time to play.

Who's going to win the Superbowl? I'm going for the underdog because I lived not far from New Orleans for 5 years. After all that the people have been through, they deserve a win.

Since it's Superbowl Sunday, we need some football humor:

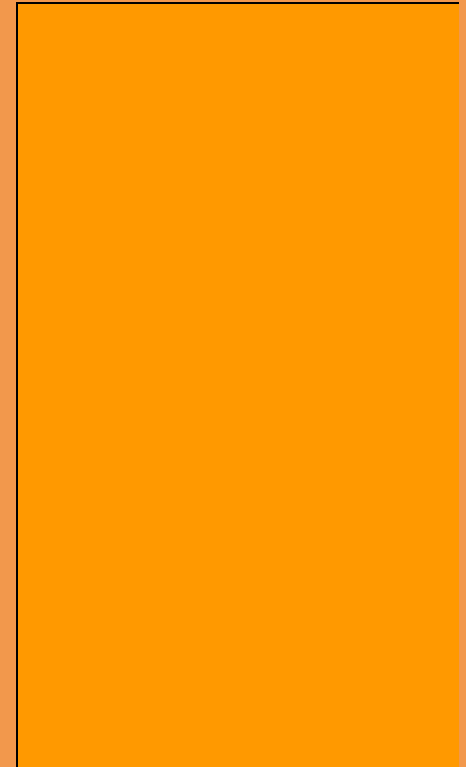

First Football Game

A guy took his girlfriend to her first football game. Afterward he asked her how she like the game.

'I liked it, but I couldn't understand why they were killing each other for 25 cents,' she said.
